11/13/69 Matters Arising

Vegetation around pond

Cllr Morton has had someone around to look at the growth around pond and is awaiting a quotation. He expressed concern about some of the trees that may need crowning and will try and get an expert opinion.

Cherry Burton Relief in Need Charity

The Clerk reported that she had contacted the Charity Commission to find out why the charity had been wound up and what had happened to the funds. They were investigating but had not responded as yet.

Sportsfield Approach Road Access

The Clerk had been in discussion with Mr Staniford about having a public meeting to discuss the possible granting of access rights over the Approach Road for possible financial compensation.

It had been too late to have a meeting after the meeting tonight so it had been suggested that it might be possible next week on the 19th November 2013.

Cllr Neighbour objected to feeling pressured to hold the meeting when the Parish Council had agreed that no development should take place in the village until the flooding and drainage issues had been resolved. Cllr Falkinder agreed with this.

Cllr Baker felt that the matter should be considered, given the possible financial benefits for the village, but had concerns about safety if the road is being used as access to any development.

A number of Councillors expressed concern that they would not be able to attend a meeting next week due to prior commitments.

Resolved – to wait until next month and have a public meeting after the normal PC meeting and inform Mr Staniford of this.
Pull together the PC concerns and forward these to him.

Seat

A seat, similar to those already in the village, would cost approximately £500 to buy and install.

Resolved – to inform the resident who offered to contribute financially.

SFMC lease

This is now with Mr Brown, the legal representative, and is being registered. A window has been missed with the Inland Revenue and resulted in a £100 fine. Mr Brown is appealing but it is unlikely that this will get anywhere.

Resolved – to pay the fine.

MUGA

Sport England has agreed to give £750 for extras items that were required.

11/13/70

East Riding of Yorkshire Council Matters

(a) Highway Matters

Speed Survey

Following complaints about the traffic speed and large vehicles using the village as a short cut, ERYC had arranged to do a seven day speed survey on Bishop Burton Road and Highgate. A map had been included showing the proposed site, but comments were requested from the Parish Council.

Resolved – to suggest that the Highcroft survey be done nearer to the crossroads and the Bishop Burton Road locations should be beside No 46. Also to make sure the survey is done in term time.

(b) Rough Sleeper Survey

This was taking place tonight.

Resolved – to inform the Clerk of any incidents so that the information can be forwarded.

(c) Recycling Credits July to September

The total for the above dates was £52.48.
