07/16/28 Minutes of the meeting held on 14th June 2016 were agreed and signed as a complete record with the following amendment:-

Item 06/16/25

The quotes for the drainage work should be £2630 and £2073 including VAT. Mr Clark had given the lower quote and offered to fill potholes on the access road.

07/16/29 Matters Arising

Telephone Kiosk
Has now been painted.

Affordable Rural Housing – September meeting.

07/16/30 ERYC Matters

(a) Highway Matters

Footpath Extension

Cllr Pollard discussed the traffic problems and the footpath extension. Although it has not been ruled out, this had depended upon the results of the speed survey which had not proved that there was a speeding problem in the village, therefore the funding would probably not be available..

Resolved – Cllr Pollard agreed to try and get the raw data from the surveys and it was agreed to contact Inspector Coulthard to discuss the problems.

Hedge at bottom of School Drive

Mr Ralphs, the Chair of Governors had written about the hedge at the bottom of the School Drive which was in an untidy condition. There

was a discussion about whose responsibility the hedge was as it would appear to be on either School land or highways and therefore not the responsibility of the Parish Council.

Resolved – to inform Mr Ralphs.

(b)Bus Services Consultation

Until 28th August by ERYC. Cuts proposed to certain subsidies to save money and therefore some services in 2017 and 2018. Bus 142 Cherry Burton Sunday service is threatened. 2 services on Saturday would go no further than Holme on the Wolds.

The information gathered in the recent assessment would still be considered, looking for a through service to York.

Consultations are taking place at Beverley Leisure Centre and there is a mobile bus in Saturday Market. Information is also available online.

Resolved – to encourage people who use the services to make their needs known.

Wendy Voke left the meeting.

Sportsfield Management Committee

Condition of the Equipment Room

Cllr Wardale reported that the Sports Pavilion had had their annual fire equipment inspection and the Equipment room had been highlighted as a fire risk with the various types of flammable equipment. A major problem was the amount of unused equipment. There was a discussion

about how to address the problem. Cllr Baker highlighted the increasing success of the Cricket Club and how it is encouraging more people to use the facilities. There is due to be a meeting on Thursday with representatives of the various sports groups.

Resolved – wait for the result of the meeting on Thursday. After that inform the groups should be told that all inflammable liquids need to be removed from the site ASAP.

Security of Tenure

The Cricket Club had asked if they could have a minimum term of 10 years security of tenure to allow them to apply to funding bodies.

Resolved – this was agreed in principle and Cllr Baker agreed to contact ERYC to see if this would cause any problems with the lease.

Register of Interest forms

None of these had been received from any SFMC members apart from the Parish Councillors.

Resolved – to inform the members that they would not be able to vote on any financial matters until the forms had been received.

No pipes leading from gullies to soakaways or drains resulting in all the problems. Work had now been completed.

Cllr Baker reported on a number of open days with various groups that had been a success using the Pavilion.

The application for the Outdoor Gym has now been submitted.

Equipment room door has been repaired and re-inforced.

06/16/26

Fair Trade sign

Cllr Stanley had emailed a copy of the sign that would go on the highways advertising the Fairtrade status of the village.

Resolved – this was agreed.

The meeting ended at 21.05pm.
