to bring KCOM's  
real fibre broadband  
to your community

**KCOM**

# Help your community join the top 14% of the UK who can get real fibre broadband\*

Everyone benefits from real fibre broadband straight to their home with a service from KCOM. A faster connection, on more devices, throughout the home means the possibilities are as big as your imagination.

## Why real fibre from KCOM?

### Enhance your in-home setup

Choose an average speed of 900, 400, 200, 75 or 30Mbps.

### Everyone online at once

Entertain the kids, surf, stream and game on multiple devices at the same time.

### Hassle-free homeworking

Consistent, stable connection without freezing and dropping out.

### Outstanding reliability

Stream content in real time, no waiting around for it to download.

### Local support

Our customer service experts are based just over the bridge.

Bring real fibre to your community by registering today at [kcomhome.com/preregister](https://www.kcomhome.com/preregister)
