

I refer to your request for information submitted to Yorkshire Water dated 25 August 2022.

Please find the data which you have requested.

1. ***The number of complaints made to Yorkshire Water about sewage overflows and flooding incidents affecting residential properties in Canada Drive and Elm Drive over the last 5 years (calendar or fiscal years) by year.***

Year	No. of complaints received
2018	2
2019	3
2020	0
2021	4
2022	2

2. ***The number of occasions (by year) that the Cherry Burton sewage system served by the pumping station on Main Street has discharged raw and untreated sewage to the clean/surface water drainage system, that is when the pumping station has been incapable of dealing with flows. Again, we seek this information over the last 5 years.***

Number of spills attributed to Cherry Burton School Sewage Pumping Station (SPS). These are the number of spills recorded on against the asset in the annual Event Duration Monitoring (EDM) return only and no further information into each event can be made. The Sewage Pumping Station (SPS) has recently had an operational audit and all items of plant were found to be operating as intended and compliant with details of the permit WRA7922. Data is January 1st to December 31st.

2018 = 20 Spills
2019 = 78 Spills
2020 = 13 Spills
2021 = 31 Spills
2022 = 1 Spill year to date

3. The number of occasions (by year) that Yorkshire Water has used road tankers to remove sewage from the Main Street pumping station at times when the pumping equipment has been incapable of dealing with flows. Again, we seek this information over the last 5 years.

This information is not something we hold. For the purposes of paragraph 12(4)(1)(a), a public authority may refuse to disclose information to the extent that (a) it does not hold that information when an applicant's request is received.

4. Are there currently any proposals to upgrade the pumping station and/or associated sewers on Main Street, Cherry Burton (HU17 7RF).

It has been confirmed that we have no plans in the current AMP7 (Asset Management Plan) business plan for assets or network in Cherry Burton.

I trust that the provision of this data satisfies your request. In accordance with the Environmental Information Regulations 2004, if you are not satisfied with this reply to your request you can ask for an internal review. A request for an internal review must be submitted within 40 working days by contacting the Data Protection Team.

Thank you for contacting Yorkshire Water.

Yours sincerely,
Data Protection Team
